Nürnberg, 2nd April 2018

Dear Members and Friends of the Deutsch-Britische Gesellschaft Nürnberg,

As with all such contentious topics, media reporting about Brexit will always be influenced by the political viewpoint of the associated editorial board. DBGN's statutes demand that we are an apolitical society and so, some 12 months ago, we initiated a program, with the valued assistance of Prof. Dr. Daniel Gossel, to disseminate a balanced view of the topic.

You are cordially invited to an English-language presentation on the latest status of the Brexit negotiations by:

**Professor Dr. Daniel Gossel,
Direktor, Institut für Fremdsprachen und Auslandskunde bei der FAU**

**“Britain, the EU and the Brexit negotiations -
mastering a lose-lose proposition”**

**on Tuesday 17th April @7:00pm in Room S16
at Caritas-Pirckheimer-Haus, Königstrasse 64, Nürnberg**

We look forward to welcoming a large audience for this topical presentation and guests are welcome¹.

Please let me know if you will be attending (contact details below).

Yours

William J Blundell
President
